Christina A. Pfeiffer, Associate Consulting Arborist

Christina has been engaged in landscape management and arboriculture efforts for public landscapes for most of her professional career. Sustainable and efficient landscape techniques are a special area of interest and expertise. At Urban Forestry Services, she has worked on tree inventories, tree preservation plans, monitoring during construction, and general landscape diagnostics for public housing, schools, transit, utility, and other projects. She is also a horticulture educator, providing instruction on pruning, arboriculture, and landscape management at local colleges, professional landscape seminars, garden clubs, and other public programs.

Project Experience

Urban Forestry Services, Inc., Mount Vernon, WA (2007-Current)
